

## **Invitation for contractor within PASS4Autism KA2 Erasmus+ project**

In the framework of implementing the European Action (Erasmus+) entitled: *PASS4Autism - Platform using Artificial intelligence to improve Social Skills for Autism*, **AVN as participating beneficiary publishes the current invitation to collaborate with one researcher** for the implementation of the following tasks and deliverables (the final assignment will be made by Project Manager, after the selection and taking into account the qualifications and research background of researchers interested in participating).

The tasks mentioned concerns the first year of the Action since contracts will be made until the end of 2024. AVN retains the rights to renew the contracts for the whole period of the Action until the end of 2026 either with the researchers contracted for the first year (2024) or after publishing new invitation.

### **Description of Action to be implemented:**

The main objective of the project is to educate parents on the use of visual stories to improve children's social skills. The specific objectives of the project are:

- Reduce the negative impact of the diagnosis on the family.
- Give the ability to parents and children to be active citizens in their local communities.
- Provide parents strategies and resources for creating a tailored treatment according to the kid's individual need.
- Provide a platform for creating in a semi-automatic way visual stories for social skills.
- Build a Support Network.

In the context of the project, the company will contribute to:

- Guidelines and educational material for behavioral issues.
- Learning material for creating visual stories.
- An AI platform for semi-automatic stories creation.
- A Social Support Network which will give the parents the ability to communicate with each other as well as with the platform's therapists.
- A web application which will give access to the material, the platform, and the support network.
- Project's website, newsletter, dissemination, and sustainability plan.

### **Deliverables/Tasks to be involved (until 2024):**

- WP2/A3. Creation of Training material on visual stories (towards parents & specialists)
- WP3/A1 Definition of Social Stories scenarios
- WP4/A2 Interfaces and interface components

- WP4/A4 Support Network development
- WP5/A1 Creation of the Dissemination Plan & tools (project website, logo & leaflet, social media)

**Details of Contracts awarded:**

1. Duration: until end of 2024, with possibility of renewal until the end of the Action
2. Description: Participation in the implantation of the Action deliverables shown above
3. Reimbursement: on hourly basis according to the qualifications of the research and considering AVN reimbursement policy on researcher's hourly rate.
4. Implementation will be made on AVN premises.
5. Timesheets must be kept for the time allocated on the Action and should be validated and signed on monthly basis by Project Manager.

CVs can be sent via email at the following email address: **hr@avntechgroup.com** until **25/02/2024** (5 days).

Researchers will be notified via email. Interviews may be needed via web conference.
